Discover what you'll learn. At Colorado State, there are two primary methods to explore your passions: majors and concentrations. A major is the degree you will earn at graduation, while a concentration focuses on a specific field of study related to a major, though not every major has a concentration.

In statistics, originally in geostatistics, kriging or Kriging, also known as Gaussian process regression, is a method of interpolation based on Gaussian process governed by prior covariances.Under suitable assumptions of the prior, kriging gives the best linear unbiased prediction (BLUP) at unsampled locations. Interpolating methods based on other criteria such as smoothness (e.g., smoothing ...
