### Nps Museum Handbook Chapter 4

4:8 NPS Museum Handbook, Part I (1999) You may have trouble identifying deterioration caused by inherent vice because often there is little or no information on the selection and processing of materials, manufacturing details, and previous use of an object.

### Chapter 4: Museum Collections Environment - nps.gov

This chapter provides information on how to protect museum collections from deterioration caused by interaction with the surrounding environment. From the moment an object is created, it begins to deteriorate. The factors that can cause or accelerate deterioration are called "agents of deterioration."

### CHAPTER 4: MUSEUM COLLECTIONS ENVIRONMENT

What is the Museum Handbook? It is a reference guide on how to manage, preserve, document, access and use museum collections.
