In Our Common Future, the Commission serves notice that the time has come for a marriage of economy and ecology, so that governments and their people can take responsibility not just for environmental damage, but for the policies that cause the damage. It is not too late to change these policies; but, it

the time has come for higher expectations, for common goals pursued together, for an increased political will to address our common future. There was a time of optimism and progress in the 1960s, when there was greater hope for a braver new world, and for progressive international ideas. Colonies blessed
