Poorly Made In China An

Poorly Made in China is the tale of a modern-day gold rush and its consequences, the chronicling of a rising economic power and its path along a steep growth curve. Entertaining and eye-opening, the audiobook highlights the extent to which culture affects business dealings, and the ultimate suggestion is that we may have more to be concerned about than product failures alone.

Poorly Made in China: Paul Midler, Jonathan Toppo ...

Poorly Made in China: An Insider’s Account of the Tactics Behind China’s Production Game is a book by Paul Midler, which chronicles his years spent working with American businessmen whose companies’ products are manufactured in China. Poorly Made in China describes the practice of quality fade—the deliberate and secret effort of Chinese manufacturers to widen profit margins through the reduction of quality inputs.

Poorly Made in China - Wikipedia

Praise for Poorly Made in China "This fast-paced travelogue through the world of Chinese manufacturing is scary, fascinating, and very funny.
