Unmade in China - National Library Board Singapore - OverDrive

That is what Unmade in China is about. After reading this book I look at international news about China a little bit differently, noticing many of the effects that Haft describes. In particular, politicians and media reporting figures which countless economists around the world agree cannot possible be true, yet are routinely reported as unquestioned fact.

Book Summary: Unmade in China - Just Charlie

"Unmade in China opens up the black box of China's domestic and political economy and provides a compelling and detailed analysis of how and why China will be unable to surpass the United States. It is essential reading for policy-makers, government officials and businesses, not only in the US and the West, but also across the globe."International Affairs "China's economic future will determine the world's future.

Unmade in China : the hidden truth about China's economic ...

THE CHINESE COMMUNIST Party is determined to transform the international order, to shape the world in its own image, without a shot being fired. Rather than challenging from the outside, it has been eroding resistance to it from within, by winning supporters, silencing critics and subverting institutions. Whereas analysts on both sides of the Atlantic ... Continue reading "Unmade by China"

In Unmade in China Haft presents a convincing case for harnessing this opportunity by selling safety into China and opening up to Chinese investment. This is both a sobering assessment of the chronic risks in China's manufacture and supply chains and a heartening look at how businesses in the West can find opportunity in these challenges selling goods and services to China.
